Home Care

At Bluebird Care, everything we do centres on supporting our customers to remain independent in their own home. We offer a bespoke service tailored to each of our customers own requirements. Our customers are supported by our kind, professional and compassionate Care Assistants.

Our award-winning care at home packages make it possible to continue to enjoy the comfort and familiarity of home, while receiving the very highest standards of home.

Having one of our Bluebirds come to visit you in your home can make a huge difference to your life. Our care at home is extremely flexible, you might need a carer for only an hour a week or for several hours a day.

It's good to
be home

Your home *Your life*

Here are some of the ways in which we can provide tailored support for your loved one.

> Provide you with all types of personal care any time of day

> Arrange Occupational Therapy (OT) Assessments and referrals if you need support moving around your home.

> Support you to take medication

> We can also contact GP's on your behalf.

> Support a balanced diet and promote good nutrition and hydration.

> We can support you with household tasks such as laundry, shopping and cleaning.

> The team of Bluebirds can also promote social wellbeing and emotional resilience by offering companionship and social activities of your choice.

Our home care service can be used to start off your care journey where it may develop to long-term home care and support. However, short term help following an illness or because your usual carer is having a break can also be arranged.

If you would like us to help your loved one live a healthier, more fulfilling life at home please call us on
